

Automatic, self propelled high pressure cleaning robot for stables

The MULTICLEANER 7-53 from Nilfisk-ALTO is a user friendly, self propelled cleaning robot, for a primary use in pig farms. Also adapted to any cleaning environment with a central alley or sites without obstacles hanging down from the ceiling. Profitable cleaning at any time of the day or night.

The robust and well known C3 pump is integrated into the MULTICLEANER 7-53. The automatic washing Robot which makes it very easy to use in a flexible way. It can be used in both new and old housing units. This Robot cleaner can take over the majority of heavy, trivial and time consuming manual work reducing manual high pressure cleaning by up to 80%. Remaining 20% is also cleaned much easier thanks to soaking. The use of the MULTICLEANER 7-53 can lead to significant reduction in labor costs, power and water. Should you have more than one farm, the MULTICLEANER 7-53 is able to handle all the cleaning work, and hereby you avoiding having stationary high pressure washers on all farms. The robot is easily transported from one housing to another.

PRODUCT FACTS

- Fully automatic cleaning
- C3 pump with 4 ceramic pistons
- Easy to programme
- Adjustable cleaning arm
- Reduced cleaning costs and saves hard manual work , money, water and electricity.
- Improves hygiene
- Attracts well educated and skilled employees
- Several optional kits, like:
- Outlet for manual wash kit
- Detergent and disinfection kit
- Detection kit

Model	MULTICLEANER 7
Ref. no	107341010
Description	MULTICLEANER 7-53
PRODUCT FEATURES	
CABLE REEL	■
STAINLESS STEEL VERSION	■
C3 4-CERAMIC PISTON PUMP	■
ADJUSTABLE CLEANING ARM	■
USER FRIENDLY PROGRAMMING	■
Technical specifications	MULTICLEANER 7-53
CABLE LENGTH (M)	35
MOTOR RATING PLATE (RPM)	1450
VOLTAGE/PHASE/FREQUENCY/CURRENT (V/~/HZ/A)	400/3/50/16
SOUND LEVEL LPA/LWA (DBA)	83 / 96
CLEANING DEPTH (MM)	4800
MIN. GANGWAY WIDTH (MM)	700
WATER FLOW QMAX/QIEC (L/H)	1070/1000
PUMP PRESSURE (BAR/MPA)	195 / 19,5
MAX INLET TEMPERATURE (°C)	60
LENGTH X WIDTH X HEIGHT (MM)	1500x615x1000
WEIGHT (KG)	285
ARM RANGE FROM STALL EDGE MAX/MIN (MM)	1000/2000
