

Hako

**Superior technology
for industrial cleaning**

Automatic scrubber-driers Hakomatic B 655/755/855

NEW!

Modular construction system for optimum equipment depending upon application conditions. Area performance up to 4.675 m² cleanliness/hour.

**Hako –
perfect from
product
to service.**

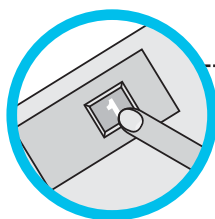

Hakomatic B 655-855. F

The advantages at a glance:

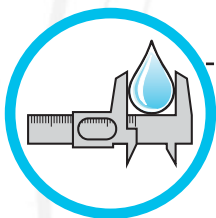

Point 1

Compact, manoeuvrable and clearly laid out: optimum use of space thanks to the flexible wall tank:
Large tank yet still small dimensions.

Point 2

Simple to operate: thanks to single button operation via the optional Hakomatic button – reduced training times for operators. Eliminates malfunctions.

Point 3

As a result of the Aqua Control System (ACS) with electronic dosage and Aqua Stop water retaining rings up to 50% less consumption of water and cleaning agent.

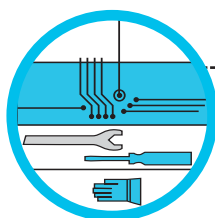

Point 4

Optimum adaptation to the corresponding application with three working widths, pre sweep, integrated charger, quiet "hospital" model and much, much more.

Point 5

Excellent price/performance ratio. Extremely low machine life costs.
Finance alternatives to suit your needs.

Point 6

Service-friendly and robust. Developed for daily professional use. Integrated diagnostic system to shorten possible fault finding.

Hakomatic B 655: customers make demands on you – and perfect cleanliness is the best possible form of sales promotion.

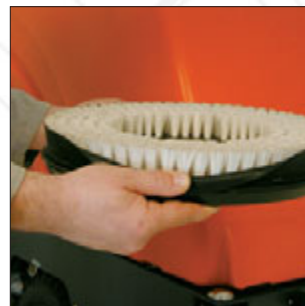

Hakomatic B 755: optimum cleaning performance in conjunction with modern Hako cleaning and polishing agents.

or economical basic and n

Well thought-out construction:

Green Hakomatic Button: (Models with EM package):
At the push of a single button all working functions required such as wet scrubbing, addition of water and dry vacuuming can be started.
Also programmable to suit customer requirements.

Hako Aqua Stop System:
Up to 50% saving in terms of water and cleaning agent.
TÜV tested and approved.

Flexible Use:
Upon request connection for hand-held cleaning accessories (tool) for thorough cleaning of areas which are difficult to reach.

Safe:
The parabolic squeegee picks up the dirty water completely. The floor is immediately dry enough to walk on.

Automatic Comfort (EM Package):
Electro-mechanical lowering and lifting of brushes and squeegee.

Diagnostic System: The diagnostic system drastically shortens the time required to detect faults.

Useful: The compact construction and flexible wall guarantee the largest tank volume.

On-board:
The built-in battery charger ensures a great deal of mobility (Option).

maintenance cleaning.

There's something to suit everyone:

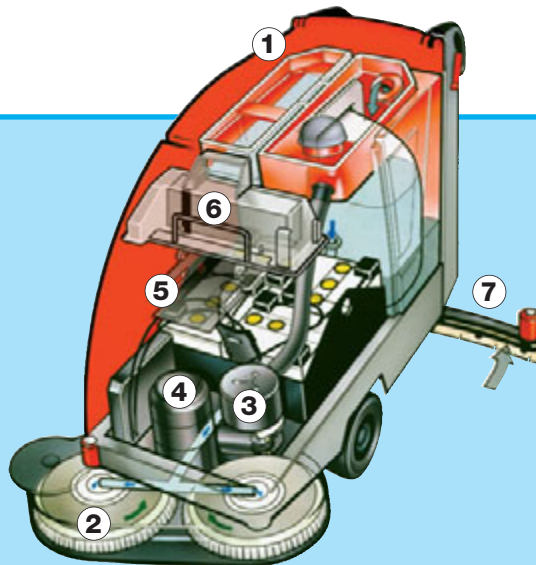

Model	Versions and Options	 Working width 650/750 or 850 mm	 Integrated Battery Charger	 Flexwand- tank		 Hospital Kit	 Tool- Connection	 Pre-Sweep (Option)
Hakomatic B 655-855		●	○	●				●
Hakomatic B 655-855 mit EM Package*		●	○	●	●		●	●
Hakomatic B 655-855 with Hospital Kit		●	●	●		●		●
Hakomatic B 655-855 with Hospital-Kit and EM Package*		●	●	●	●	●	●	●

* Hakomatic button (EM Package) – at the push of one single button start all working functions (electro-mechanical lowering and lifting of brushes and squeegee, addition of water, the brushes and squeegee start to operate).

● = Standard, ○ = Option

The proven concept:

The cleaning solution (water in conjunction with Hako cleaning and polishing agents suitable for the type of dirt in question) is pumped from the clean water tank to the front to the contrarotating scrubbing brushes. The parabolically shaped squeegee vacuums up the dirty water completely.

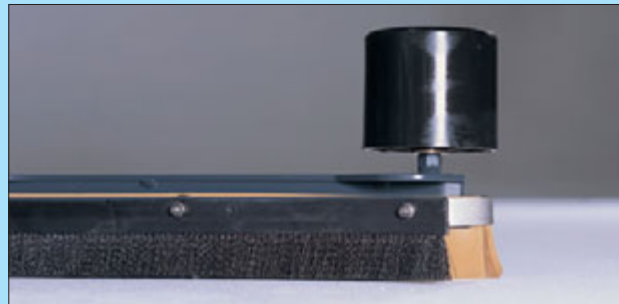

- ① Flexible wall tank
- ② Scrubbing brushes with protruding brush head
- ③ Vacuum motor
- ④ Brush motor
- ⑤ Battery 24 V
- ⑥ On-board charger
- ⑦ Parabolic squeegee

Extremely quiet for hospital applications:

Specially designed for use in hospitals, old people's home and similar such noise sensitive areas. These versions of the Hakomatics are equipped with sound proofing packages and specialist accessories.

Handy: mop holder and transport box.

In addition the squeegee is equipped with a fluff comb to pick up large dirt particles.

Ideal solutions made to measure for different types of application.

Scrubber-driers Hakomatic B 655. Quick, highly efficient and economical – guarantees a gleaming reception.

Scrubber-drier Hakomatic B 655 – The sound-proofed hospital version ensures "quiet cleanliness" in noise-sensitive areas

Scrubber-drier Hakomatic B 755. Economical, versatile – more surprises in store eg. pre-sweep unit.

Scrubber-drier Hakomatic B 855. Operator-friendly, kind to the environment – for a perfect performance.

<p>CE The Hakomatic B 655/755/855 series offers the highest product quality and long machine life as a result of modern manufacturing processes and a strict quality assurance system. The Hakomatic B 655/755/855 models have been manufactured in accordance with the CE guidelines (CE conformity) and fulfil the European safety norms EN 60 204 and EN 60 335.</p> <p>In the interest of technical progress we reserve the right to alter equipment without prior notice.</p>				

Hako is the right partner:

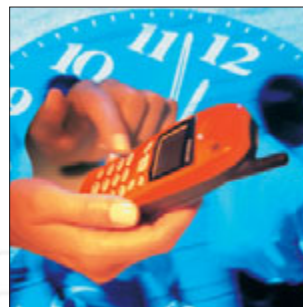

Cleanliness with safety

Hako machines adhere to strict quality regulations/standards. Quality made by Hako. We also take care of what we sell – world-wide.

Sales, hire, leasing, rental

Hako allows you to individually plan capital investments depending upon customer's demands and the available means.

We are there for you day and night

Reliable after-sales service and excellent logistics guarantee that machines can be ready for operation around the clock.

Hako is never far away

The efficient Hako sales and service network means that Hako is always close at hand.

Hako

Superior technology for a cleaner, more pleasant environment.
