

# Tennant T3

*The T3 walk-behind scrubber-dryer is designed around Tennant FaST-technology. Due to this unique technology it uses water so sparingly, a little more than 1 tablespoon of water is needed to clean 1 m<sup>2</sup>. It will keep you going longer than ever before without refill. With its new cleanable tanks, the T3 sets a new standard in corporate hygiene. Easy, intuitive controls, unmatched manoeuvrability and long-lasting battery packs were added to keep you going longer without operator fatigue.*
